Dear Valued Customer,

Re : Southwest Japan Earthquake

We would like to express our thanks for your loyal patronage.

We would also like to express our deepest sympathy to those people affected by Southwest Japan Earthquake on Kyushu island occurred last week.

Here is our situation at SUN.

There is no damage to our employees, buildings, facilities, and our production lines both at Izumo plant and Masuda plant are running as normal for the moment, however, we might have to ask you for a longer lead time hereafter due to various reasons caused by the earthquake, even though we've taken our actions to minimize any delay.

Therefore it would be very much appreciated, if you could help us by providing with your orders and/or forecast as early as possible.

Please feel free to contact our sales representative at any time if you have any questions.

Thank you.
